1938 SPRING LIST

GLADIOLUS

TYRIAN PRINCESS

MRS. GEORGE KINYON

Gladwin Glad Gardens

GLADWIN, - MICHIGAN

Greetings

I want to thank each of you who ordered bulbs from me last year, and also those whose names I have received for this year's list.

This year I am listing five new varieties. Three of them were shown as seedlings under number, at the M. G. S. show at Grand Haven 1937. On Saturday and Sunday of the show there were two spikes of Bye-Lo. Iosco bloomed too late to be shown. All who visited my garden later will remember this as Seedling No. 201. These five new ones are listed as new for 1938. After these follow Introductions of 1937 and on the next page you will find Introductions for 1935 and 1934 also description and price of Baby Betty which if you are looking for something dainty, you will want.

The older Kinyon originations will be found in the general list. This general list is made up with a very few exceptions of varieties which are low in price but were the high priced ones of six to ten years ago. We have kept them because they are really worth while and desirable.

Perhaps you may be looking for some favorite of a few years ago and will find it here.

I am growing only about two acres of gladiolus. Specializing on my own varieties. Growing a few each of the newer ones to use for comparison or in hybridizing, also grow the older ones which are best.

Another year I am planning to introduce No. 454, No. 611 and a new beautiful lavender which has never been shown.

REPORTS FROM THE TRIAL GARDENS

Legion Trial Garden—Spring Green, Wisconsin

1936

SO BIG—planted 5/25, bloomed 8/14 (81 days) 48" tall, 22 buds, 7 open, size 5½ inches. Heavy straight spike, broad upright healthy foliage. Well placed blooms. This will be prize winning exhibition.

HONOR—planted 5/25, bloomed 8/18, (85 days) 44" tall, 18 buds, 7 open, size 5 inches. Slightly ruffled, straight spike, willowy to medium. Narrow drooping healthy foliage. Excellent spacing and facing. Very good lavender which will be in demand when better known.

NANCY ANN—planted 5/25, bloomed 8/16 (83 days) 40" tall, 20 buds, 6 open, 4½ inches. Ruffled, straight heavy spike, broad upright healthy foliage. Excellent facing and spacing. Believe this will be popular. Won 1st at Wisconsin show from a single bulb in bloom.

JOAN PETY—planted 5/30, bloomed 8/24, (83 days). Height missed, 18 buds, 7 open, 4½ inches. Ruffled, straight heavy spike, medium upright foliage, good facing and spacing.

1937

BABY BETTY—(80 days) 46" tall, 17 buds, 6 open, size 2½ to 3 inches. Cream blending to pink. Rose bud type. Graceful and very beautiful. A wonderful vase glad.

CHEERFUL—80 days, 51" tall, 18 buds, 7 open, 3½ inches. Very well named and an excellent performer. Prize winner. Wisconsin 1937.

Department of Horticulture—Edmonton, Alberta, Canada

Trial garden 1937

HONOR—Rose lavender, Florets large, 21, 6 out, height 3½ feet. A valuable addition to its color class.

JOAN PETY—Pink; Cream and deep purple throat. Florets medium large, 22 buds, 6 out, height 4 feet. Good substance.

NANCY ANN—Lavender pink, cream throat. Florets medium large, 21, 7 out. height 4 feet. Very good placement, nicely ruffled. Very attractive.

SO BIG—Rose pink. Florets large, 19, 6 out, height 4 feet. Excellent placement. Looks like a promising exhibition variety.

Herbert D. Pappas Nurseries, Claremont, New Hampshire

Final rating and remarks

HONOR—Final Rating 75%. Remark, Coming commercial.

NANCY ANN—Final Rating 78%. Remark, Fine Foliage, Ideal Foliage, O. K.

SO BIG—Final Rating 81%. Remark, A brilliant lavender with a future.

No. 446 (Bye-lo)—Final Rating 85%. Remark, Double row placement. Foliage good. This seedling receives our endorsement. Pappas."

Kinyon Originations

New for 1938

BYE-LO (Seedling No. 446) (Midseason). La France pink delicately blending to lighter throat. Single pencil marking on lower midrib. Good spike with eight or more perfectly placed flowers on an always straight spike.

Parentage W. H. Phipps X Baby Betty. The blooms have all the grace and beauty of Baby Betty with larger size and more open. This was tested at the Pappas Trial Grounds (last summer) where it received a rating of 85%. The blooms from there were then rated by United Cut Flower Co., New York City and retail florist, New York City and at each place received 85% rating. Mr. Pappas wrote: "This seedling receives our endorsement." Bulbs: Large, \$1.00 each.

EDWARD J. SCHEFER (Seedling No. 130). An extra pure white of the lily type. This is one of the very whitest of whites, and the spike is tall and strong with many large blooms of beautiful texture and good substance open at one time. Will open large to the end of spike. Good bulblet production. This is one of the whites shown at M. G. S. show last summer. The stock of this is small. Bulbs any size, \$2.00 each.

***IOSCO** (Seedling No. 201) Ivory buff blending deeper on lower petal. This has been classed as a yellow. Is one of the tallest varieties I have ever seen. Many large blooms of good texture and heavy substance open at one time on tall straight spike. When cut this blooms large to the end of spike. You need this for exhibition. Late. Bulbs, Large \$1.50 each.

TYRIAN PRINCESS (Seedling No. 508) (Decorative). First shown at M. G. S. show 1937 where this beautiful variety won the seedling Award, scoring 89½ points. The color is mallow rose or rose purple, with an indistinct maroon feather, tipped cream on the lower petal. The blooms which have a beautiful texture are compactly spaced with many open at one time on a gracefully long, strong stem. Bulbs, Any size \$1.00 each.

WHITE SPIRE (Seedling No. 133) (Exhibition type). First shown summer of 1937. Pure white slightly frilled with deep blur stamens which add to the beauty. Tall with large perfectly placed blooms. The petals are chamois-like in substance, being thick and resilient. The stems are heavy and will hold upright the eight massive blooms which open at one time on 18 to 24 bud spike. The spike may be cut in tight bud for shipping, and will open to perfect size and condition. After you have once seen a full bloomed spike of this, it will never be forgotten. Bulbs, Large \$1.50 each.

INTRODUCTIONS OF 1937

CHEERFUL (Decorative) (Landscape). Early midseason. Clear light red with clean cut white blotch. Spike tall, straight and medium slender, with eight or more blooms open at one time. Placement good and keeping quality of the best. Always stands erect. Ruffled. Bulbs, Large 75c each.

MAID OF HONOR (Decorative). Creamy white blending to pure pink at edges of delicately frilled petals. Six or more open on tall straight spike. Placement, texture and substance good. (This is from the same cross as Nancy Ann). Bulbs, Large \$1.50 each.

***OGEMAW** (Exhibition). Late. Color deep salmon pink with cream blotch. Some blooms lightly flaked with smoky blue. This is one of the tallest Glads in my garden. Six or eight large wide open blooms at one time on spike that is long, straight and sturdy. Blooms of good texture and very heavy substance. Blooming large to end of spike. Bulbs, Large \$1.00 each.

***"OGEMAW"** is an Indian word meaning "Chief." "Iosco," also an Indian word referred to as "Waters of Light." They are both from the same cross, and the tallest varieties in the garden.

Introductions for 1935

JOAN PETY (Exhibition) (75 to 80 days). Pure pink with small markings of violet on cream in lower petals. Six to ten or more perfectly placed blooms open at one time on tall and always straight spike. Frilled.

- 1 Large bulb \$1.00, 10.00 for \$8.00.
- 1 Medium 50c, 10 for \$4.00.
- 1 Small 25c, 10 for \$2.00.

NANCY ANN (Decorative) (80 to 85 days) Light lavender pink blending slightly deeper at edges of petals. Lower petal marked cream. Six or more perfectly placed blooms with slightly frilled petals open at one time on an always straight spike.

- 1 Large bulb \$1.00, 10 for \$8.00.
- 1 Medium 50c, 10 for \$4.00.

ROSE STANDISH (Decorative) (About 75 days.) One of the loveliest shades of clear light rose pink blending lighter in throat with tiny violet markings on lower petal. Five or six wide open beautifully ruffled blooms of good size, well placed on straight slender spike of 18 or more buds. The buds showing color are especially lovely.

- 1 Large bulb 10c, 10 for 80c.
- 2 Medium 15c, 10 for 60c.
- 2 Small 10c, 10 for 40c.

SO BIG (Exhibition) (80 to 85 days.) A deep rose pink with violet markings on lower petal. Six to eight immense bloms open on tall straight spike. Outstanding.

- 1 Large bulb \$1.00, 10 for \$8.00.
- 1 Medium 75c, 10 for \$6.00.
- 1 Small 50c, 10 for \$4.00.
- Bulblets 3 for 25c.

INTRODUCTIONS FOR 1934

HONOR (Exhibition) (Decorative) (80 to 85 days.) Clear lavender with dustings of self color on lower petal. About six blooms open at one time with good placement and straight spike. We have found the color always clear, both in the garden and as a cut flower.

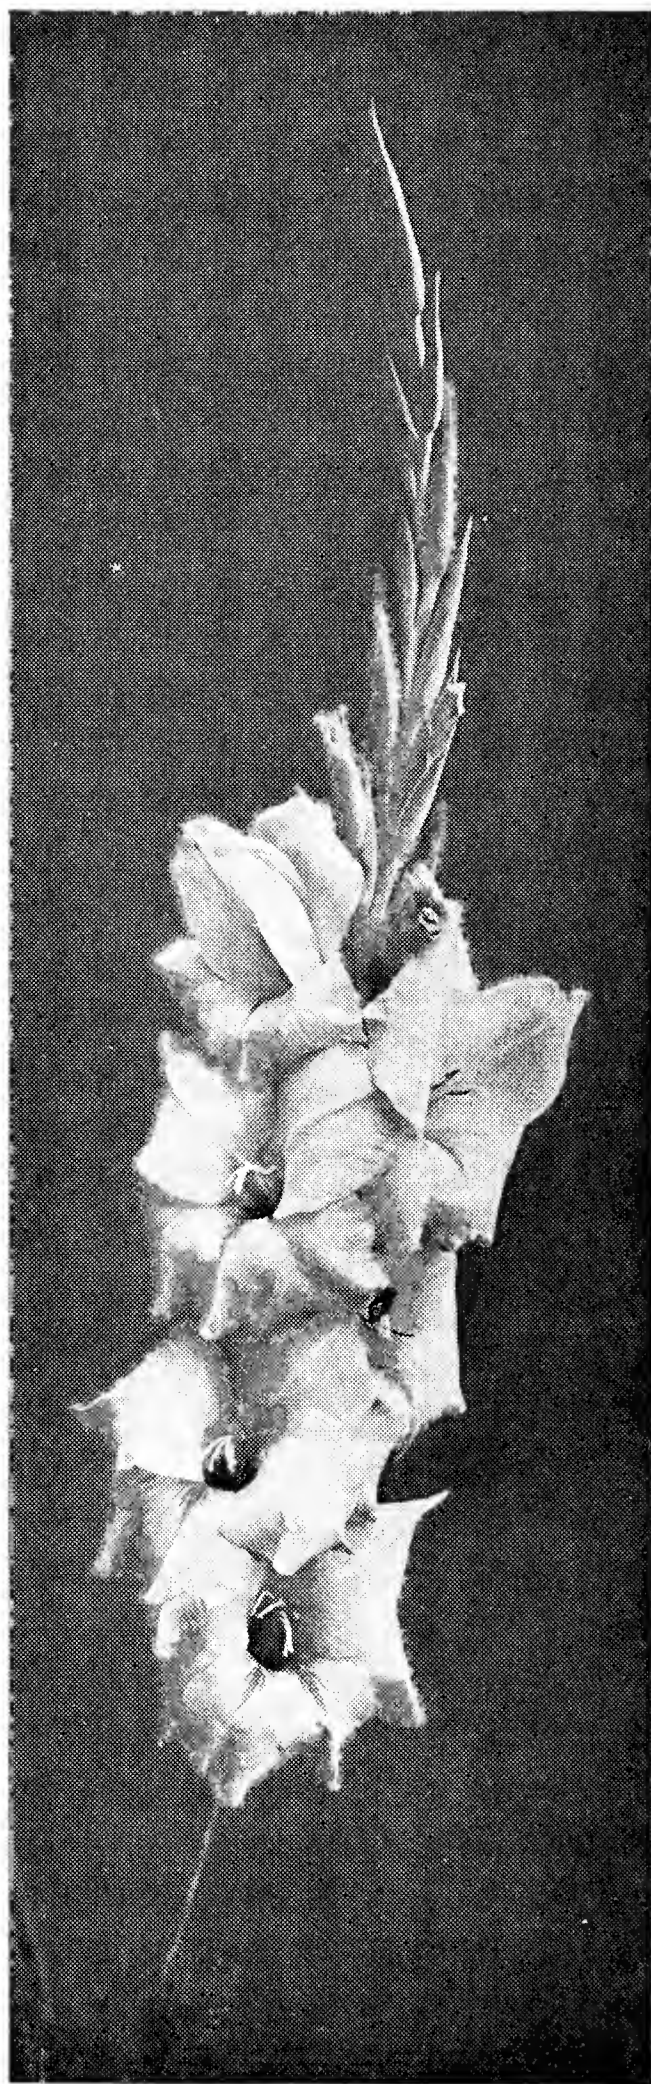

- 1 Large bulb 40c, 10 for \$3.20.
- 1 Medium 25c, 10 for 2.00.
- 1 Small 15c, 10 for \$1.20.
- Bulblets 10 for 25c, 100 for \$2.00.

RUSTY (Decorative) (75 to 80 days.) Color is made up of very fine lines of scarlet and yellow which gives an effect of orange. Six or eight large wide open blooms with good placement on 18 to 20 bloom spike.

- 1 Large bulb 15c, 10 for \$1.20.
- 1 Medium 10c, 10 for 80c.
- Bulblets 10 for 15c, 100 for \$1.00.

BABY BETTY (1931, 75 to 80 days.) Small decorative. Cream blending to light pink at tips of petals. Graceful slender spikes with four to six small rosebud type blooms open at one time. Just a darling baby Glad which you will love.

- L (2 for 12c) (10 for 50c),
- (Med. 10 for 30c).

SO BIG

Please Read Terms Before Ordering

TERMS: At these prices we prepay delivery on orders for \$1.00 or more to any part of the U. S. You may order 5 bulbs at the 10 rate.

Where possible will quote on larger amounts to be shipped F. O. B. Send a list of the varieties wanted.

If you do not find listed the variety you want, write us about it as we have many varieties in too small quantities to list but could spare a few.

Every precaution is taken to produce clean, true to name bulbs. Any bulbs that prove not true to name will be gladly replaced. There will be no substitution of variety without permission.

(For an order anywhere in this list amounting to from \$3.00 to \$10.00 you may select 10% extra in bulbs.) (For an order amounting to from \$10.00 to \$20.00 you may select 15% extra in bulbs and in addition to this we will send your choice of one bulb, either Cheerful or Ogemaw.)

These extra bulbs are only given on orders amounting to \$10.00 or more.

General List

Size of bulbs: (Large are 1 1/4 or more in diameter). (Medium (Med.) from 3/4 to 1 1/4 inch in diameter.) (Small (Sm.) from 1/4 to 3/4 inch in diameter.)
